My Dear Sir, Yours conveying invitation to be present with the Democrats of Richmond and address them on the occasion of their demonstration received. I thank your people and yourself. I am sorry I can't be present. My greetings to voor rule men who have fought so nobly in the late canvass. God forever be praised that he has at last sent us deliverance. I rejoice that my own old Fifth district was not behind in the good work. Truly yours.

Thank God, we have won, and our noble old State has escaped from a danger the extent and horrer of which we cannot conceive or describe.

Let us by caution, underation, and the exercise of our best wisdom, show those who have banded against us, led by selish and designing men for their own gain, regardless of the rum on which they advanced, that we uphold, and will at all times sustain, the rule of the people by the people, and that we will for veroppose the government of the people by money wrong from them to be used to brive and corrupt them.

Respectfully yours,
